10th Year RERA Anniversary Celebrations

05 – 09 November 2012
Windhoek Country Club & Resort
Windhoek, Namibia

Organized by the Regional Electricity Regulators Association of Southern Africa (RERA)

Co-organised by the Electricity Control Board (ECB) of Namibia, the National Energy Regulator of South Africa (NERSA) and the Energy Regulation Board (ERB) of Zambia

The Regional Electricity Regulators Association of Southern Africa (RERA) is pleased to announce the **10th Year Anniversary Celebrations** to be held during the week of **05 – 09 November 2012** at the **Windhoek Country Club & Resort** in **Windhoek, Namibia**. The Anniversary will be held under the theme:

“Fostering electricity regulation in Southern Africa”

In addition to professional interactions through an informative, stimulating and interactive programme that shall involve high-level ministerial panel/roundtable discussions and presentations from experts and stakeholders in the electricity supply industry, the Anniversary will seek to:

- Review RERA's performance over the past decade;
- Re-launch the Association into the next decade;
- Foster closer relations among its members and key stakeholders;
- Improve the Association's corporate image and visibility in the region; and
- Recognise and reward organisations and individuals that have made outstanding contributions to RERA over the past decade.

As part of the conference segment of the festivities, the following interesting categories of topics will form part of the general programme:

- SADC Regional Infrastructure Development Master Plan;
- Power Supply and Demand;
- Power Sector Investment Challenges and Opportunities;
- Energy Regulation Peer Reviews;
- Electricity Market including Cross Borders Power Trading;
- Electricity Pricing and Tariffs;
- Independent Power Producers (IPPs) and Investment Market;
- Clean/Renewable Energy Development and Utilisation;
- Quality of Supply and Service;
- Restructuring of the electricity (distribution) industry;
- Increasing energy access (including rural electrification);
- Statistics and Information on the electricity supply industry (ESI);
- Consumer Protection; and
- Capacity Building.
